RANGER POINT UPGRADE

1913 FOLDING ADAPTERS

The RPP 1913 Folding Stock Adapter replaces the factory buttstock interface with a 1913 Picatinny interface, giving you access to a wide range of folding stocks and braces. Machined from 6061 aluminum, it keeps the setup strong and lightweight while giving the rifle a more compact, modular rear-end configuration.

TECHNICAL SPECIFICATIONS

MATERIAL	6061-T6 aluminum
FINISH	Type III Hardcoat Anodize
DIMENSIONS	3” L x 5” W x 2.5” H
WEIGHT	8 oz

RANGER POINT PRECISION

KEY FEATURES

MACHINED BILLET
6061-T6 aluminum machined from solid billet stock for unmatched strength and precision.

MIL-SPEC 1913 COMPATIBLE
Mil-Spec 1913 interface gives you a solid mounting platform with plenty of setup options.

MODEL-SPECIFIC RAIL SLOTS
Rail length is optimized by platform, with two slots for Henry models and three slots for S&W, Marlin and Rossi 95 models.

BRACE OR STOCK COMPATIBLE
Designed to work with compatible braces or stocks, giving you more flexibility to build the setup you want.

FOLDING, COLLAPSIBLE OR FIXED
Removable M-LOK accessory panel expands mounting options for a customized setup.

MADE IN THE USA
Designed and precision machined in the United States. Zero compromise on quality.
