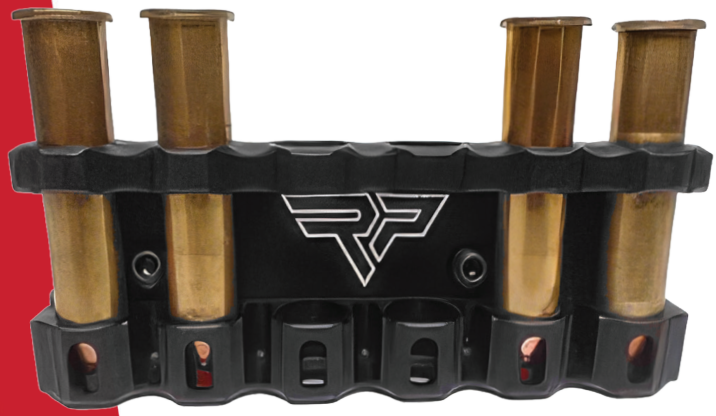
RANGER POINT UPGRADE

M-LOK CARTRIDGE QUIVERS



Keep extra rounds on the gun and within easy reach. RPP Cartridge Quivers use our proprietary O-ring retention system to hold cartridges securely through recoil, movement, and hard use without the need for adjustment. Sculpted bullet cups help protect projectile tips, while the 6061 aluminum body mounts directly to compatible M-LOK handguards and stocks.

TECHNICAL SPECIFICATIONS

MATERIAL	6061-T6 aluminum
FINISH	Type III Hardcoat Anodize
INCLUDED	O-rings, M-LOK fasteners (2)
WEIGHT	4 oz

RANGER POINT PRECISION

KEY FEATURES

MACHINED BILLET
6061-T6 aluminum machined from solid billet stock for unmatched strength and precision.

MADE IN THE USA
Designed and precision machined in the United States. Zero compromise on quality.

M-LOK COMPATIBLE
Mounts to two adjacent M-LOK slots to keep extra rounds secure and within easy reach.

CALIBER SPECIFIC
Caliber-specific designs provide a secure fit and reliable retention for the rounds you run.

HANDGUARD OR STOCK MOUNTING
Mount it on a compatible M-LOK handguard or butt-stock to put extra rounds where you want them.

PROTECTIVE BULLET CUPS
Sculpted cups cover and protect projectile tips from damage while keeping rounds ready to grab.

O-RING RETENTION
Proprietary O-ring retention helps keep cartridges secure and reduces movement and vibration during hard use.
